Prepare for HIPAA Compliance

DENTAL

Dental practices manage Protected Health Information, and must comply with HIPAA. Until now this has been a time-consuming, expensive and challenging process. CD Callen has partnered with **Total HIPAA Compliance** (totalhipaa.com) to bring you their easy-to-follow, cost-effective, online solution — **HIPAA Prime™**.

HIPAA PRIME™

Five simple steps:

1. Train your compliance team
2. Complete the online Risk Assessment
3. Train your staff using interactive online video modules
4. Review you customized Security and Privacy Policies and Procedures
5. Implement your Policies and Procedures

ONGOING SUPPORT

Total HIPAA will continue to support you by providing updated documents, as HIPAA regulations are revised, as well as interim training modules that help you meet HIPAA retraining requirements.

THE BEST PART - IT'S AFFORDABLE

Pricing is based on the number of trainees in your organization and the number of sites. Payments can be made in automatic monthly installments.

Protect your patients' health information as well as your practice's future by becoming HIPAA compliant
